

Riot! Frankie.

My name is Frankie. I play lead guitar for a new rock band with a twist which is known as Riot! Our name was inspired by a great band in the name of Paramore, our group all agreed on this name. I am a 21 year old girl who was born near a beach in the suburbs of Auckland. My house consists of my 49 year old Mum, and my 50 year old Dad. I have a brother, named Dean who is aged 24, and a half sister called Emma who is aged 29. My nationality is Kiwi which means I'm from New Zealand. I love music, and I now attend Auckland School of Arts.

Since I love music, I have taken up guitar which I adore so much! My other hobby is drawing as for some reason it makes me happy. With my music loving heart, I listen to music ALL of the time and my musical influences are mainly Paramore and Green Day.

On the first day of term in Auckland School of Arts I was assigned a room which I shared with two people. One of them was called Eva Lee and the other one was called Anton Weiss. They were both immigrants; Eva was originally from Australia and Anton was from America. Next door to us stayed a boy called Dax Carmine, who's dad won the lottery and asked him to come and stay with him! He has a room all to himself! One day Dax heard a noise coming from our room and realised it was Eva singing in the shower. After a while we all figured out that we all played different instruments and decided to form a band.

I hope that one day our amazingly cool and to be popular band will one day tour the world
