

Lacie Dewinter
Biography

My name is Lacie Dewinter and I'm 18 years old. I have a 17 year old sister called Olivia Rose. I'm also married to Zack Dewinter who is 20 years old and is a T.V presenter. I was born in Kingston, Jamaica on the 31st of October 1993 and my sister Olivia was born on April 11th 1993 Sydney, Australia 1994. My family and I are pretty close, my sister and I fly over in our private jet to see them twice a week. Our mum is 41 and is called Lois Rose and our Dad, Jamie Rose is 45, also our gran, Mable lives with our Mum and Dad in Australia. My husband and I live in a nice flat in Clydebank, Scotland next to Olivia and her boyfriend Keiron Brown.

If your wondering... I don't just spend 24/7 rehearsing with the band. I have hobbies (which are mostly sports) which I do with all my friends. Sometimes Olivia and I go sky diving when we visit our parents in Australia. I also go water skiing and snowboarding with my loyal friend Marlyn who is 17 years old and also Thor. I love to do cross country for charity. However, I don't spend all my time with the band. I spend time with my old friend August Martin, who is 17 years old and is Australian.

In our band breaks we listen to music such as The Pretty Reckless, The Black Eyed Peas, N-Dubz, Green Day and Paramore while Thor tunes his guitar, but anyway I wasn't a keyboardist all my life, I had a part time job in Hell's Fire, Glasgow, where I earned enough money to go support myself when I won a scholarship to RSMAD(Royal School of Music and Drama).

In our first day at University, Olivia and I met two other people and became friends and their names were Marlyn Rose Taylor and Thor. They were studying music and so were we. When we all got together in class, Olivia and I were amazed at how good they were at playing the drums and guitar, but when they heard Olivia playing the bass guitar and me playing the keyboard. They had an idea and formed a band and we called it Star Struck. We met at Glasgow University in music class learning how to get better at playing a musical instrument.

I hope our band can take it all the way to super stars, walk the red carpet, get a Hollywood star, to top the charts and perform amazing, rocking gigs.
