

## Mason Alexander Biography

My name is Mason Alexander. I am 22 years old and I live in Detroit Michigan. My best friend is Ozzy Palova and we play in the same band together. When I was younger, I lived with my mum, my dad and my brother, but I got transferred school to New York where I met Ozzy Palova.

I stayed at his apartment for months. Eventually, we went bag packing and met 2 new people called Kat Marton & Samantha. We met at a B & B the next day and got talking about a band. We couldn't think of a name, but as we were thinking a bee came in and stung Ozzy and we called the band Sting.

In the band I played bass guitar. We were inspired by Guns n Roses, Bon Jovi, Kiss and AC/DC.
